- Send Consignment/POD details to yourself or your customer/supplier by E-Mail.
- WebTrack is totally secure – requires Customer ID, Login ID & Password for access.

WEBTRACK TERMS & CONDITIONS OF USE

Laser Transport's **WebTrack** Service is provided and maintained in co-operation with our primary software house, Forward Computers Limited, a company with whom Laser Transport has been associated for over twenty years.

WebTrack, under normal circumstances, is only available to Laser Transport's customers who complete the necessary application form (available upon request or via our Web Site).

All data is stored securely in a totally separate **WebTrack** Database and can only be accessed by a party that has a direct interest in the consignment(s); that is they MUST be the principal customer or with the principal customer's permission be the consignee or consignor. In most circumstances our agent(s) and/or overseas partner(s) will also have access to and be able to update consignment(s) in which they have an interest.

The consignment details and status/events which appear on **WebTrack**, will, within reason be tailored to meet the principal customer's requirements and will also include any diary entries, if and when these are deemed to be of importance to the principal customer, such as extraordinary delays in transit or service etc.

WebTrack works in real time and unless otherwise agreed, individual consignments will only remain visible on **WebTrack** for a maximum of 90 days from the date the consignment is first booked into our system.

WebTrack makes extensive use of Java and therefore requires Microsoft's Internet Explorer Version 6.0 or above; or other modern up to date WEB Browsers, such as Firefox or Google Chrome to access the service. We recommend the use of Microsoft's Internet Explorer Version 7.0 or higher. You will also need to enable "cookies" in your Web Browser software; otherwise you will encounter problems in moving around the system.

Principal customer's and/or other parties who are given access to our **WebTrack** Service undertake to take all reasonable precautions to keep their Login Credentials secure and to ensure that these credentials are not passed to other organizations without the prior written permission of Laser Transport International Limited.

Whilst we will endeavor to make sure that the **WebTrack** Service is made constantly available for access, there will be times when the service may have to be closed for maintenance and/or access may not be possible during times of abnormal or peak demand.

Laser Transport International Limited also reserves the right to decline applications for access to its **WebTrack** Service and/or withdraw access to its **WebTrack** Service, without giving a reason or where it is suspected that the service is being abused.
